PAINTS

Going Further

We believe our role as a supplier of industrial coatings is to provide a comprehensive range of services to our high quality product ranges.

To this end we have invested heavily in some of the most technically advanced colour matching equipment available combined with formulation software which incorporates batch to batch historical data to ensure your latest batch matches the very first batch.

We have also invested in both solvent based and water based, highly accurate computerised dispensing equipment to deliver fast and reliable colour mixes time after time.

This allows a rapid turn around on colour to meet the next day response many customers now require. Batch retain swatches are kept for every batch produced

Batch to batch quality is maintained by both a visual and spectrophotometer colour check against the std or previous batch. We also check sheen against a standard or previous batch.

For longer term durability and corrosion testing we have access to the Lab in HMG Paints Ltd based in Manchester. Here we can arrange for Neutral and Acidic Salt Spray Testing as well as Accelerated Weather Testing.

REPAIR & REFURBISHMENT

V12 Vinyl

Very flexible Primer Finish
Direct use on Mild &
Galvanized, Steel.

Ideal coating for steel cladding refurb
Suitable for use in coastal locations
Available in all popular colour ranges
Specially matched colours available.
Use Vinyl MIO primer for even more
durability

Synergy Brand

PVC (17)

Designed for use on "difficult
Surfaces"

For PVCu and many other plastics
Excellent coating for Platisol building
cladding and roofing
Outstanding adhesion and flexibility
Touch up for abraded powder coating
Fast drying
Excellent through dry

HMG Brand

C71 High Opacity Brushing Enamel

High Opacity

Brush, roller or spray

Ideal for previously painted Surfaces

Pipe identification

Virtually any colour can be made

Good oil and fat resistance

Temperature resistant to 200c

HMG Brand

BD Rapid Finish BDX Primer

Suitable for Electrostatic application

Brush or Spray application

Anti Corrosive Primer

Virtually any colour can be made in
both

High Flash

Ideal for reducing overspray on site

Fast drying prime and finish same day

HMG Brand

Chlorinated Rubber Brushing

High Level of protection

Moisture, acid and alkali resistant

Used in areas of high humidity

Used in Chemical environments

Structural steel in Swimming pools

Useful in areas subject to battery acid

Also suitable for use on concrete

Synergy Brand

One Coat Finishes

Primer & Finish in one coat

Direct application to Fabricated steel

Time and cost savings

Airless Spray,

Conventional spray/ Pressure pot

High Semi Gloss finish (OCF7)

Satin Finish (OCF4)

All popular colour ranges

Ideal container or skip paint

REPAIR & REFURBISHMENT

Multisurface 2 Pack Polyurethane

Durable 2K polyurethane
Very fast drying
Direct application to many surfaces
Glass, copper, brass, aluminium, zinc, Anodised aluminium, Foamex, plastic acrylic,
Stainless steel GRP and Kevlar
Matt to Gloss sheen levels
1000's of colours available
Specially matched customer colours
HMG Brand

Multi Surface Water based Coating FR20

Adheres directly to Galvanised Steel Carbon Steel, Aluminium, Plastisol Cladding, glass, ceramic tiles, GRP
Also many rigid plastics.
Also Concrete and masonry
Non Toxic and lead free
RAL, B.STD and matchings
Attractive Sheen finish
Application by Airless/ Air assisted Spray,
Synergy Brand

Nisocoat 2 Iso Free 2 Pack Acrylic

High Quality Isocyanate Free 2pk Acrylic
Improved Health & Safety for onsite
Good chemical and solvent resistance
Excellent Colour and Gloss retention
Fast Drying.
Cladding and shopfront refurbishment
Sheens from matt to gloss
1000's of colours available
HMG Brand

Epilife II- 2 Pack Epoxy

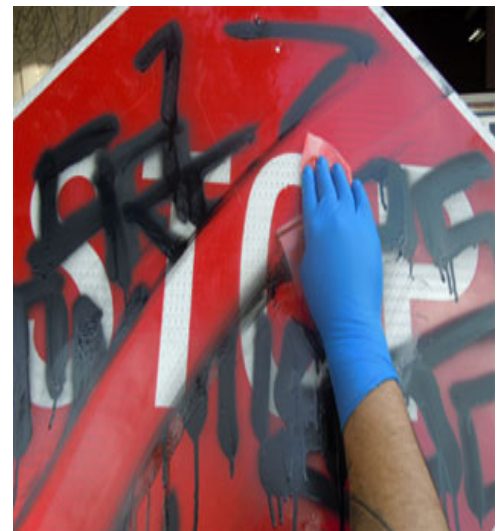

Quality Full Epoxy 2 Pack Finish
High levels of adhesion
Excellent Chemical resistance
Resistant to most solvents
Sheen levels from matt to gloss
1000's of colours available
For use on used in severe conditions
Used in marine, sewage & chemical plants
Can also be used on concrete floors
HMG Brand

Nisocoat Iso free Primer

Isocyanate Free Acrylic primer
Fast Drying
Recoat after 30 mins
Suitable for a range of plastics inc ABS, PC, Acrylic, Foamex
Can also be used on steel as it contains anti corrosive pigments
Available in grey
HMG Brand

EP2 Epoxy Primer

Medium Solids Epoxy
Excellent adhesion to steel and some
Adheres to plastics inc DCPD and SMC
Over coat wet on wet within 45 mins
Available in virtually any colour
Ideal for trailers & agricultural equipment
Good gloss hold out
HMG Brand

High Temperature Paint

Low smoke and fume emission
Matt Black textured up to 300c - AR141
Silver up to 500c - 4036
Available in aerosols
HMG Brand

Anti Graffiti Sytem

Water-based or Solvent based
Interior and Exterior use
Excellent opacity
High gloss and Good Flow
Good colour retention

COATINGS FOR CONCRETE FLOORS

Single Pack Polyurethane Floor Paint

Tough Polyurethane Resin System
Hard wearing
Easy Application by Brush and Roller
Ideal for General Maintenance
Good resistance to oils and diesel
High Gloss finish available
1000's of colours can be mixed
Texture finish available
Synergy Brand

D66 Single Pack Floor Paint

General purpose easy to use
Brush or roller application
Virtually any colour available
Texture finish available
Low odour
Oil and diesel resistant
Economical
HMG Brand

Max 17 Anti Slip 2Pk Floor Paint

Latest Epoxy/Acrylic technology
Touch Dry as quick as 60 mins
Good resistance to common Chemicals
Excellent anti slip
SRV 86 (Dry) very low slip potential
SRV 45 (Wet)
Back in service overnight drying
Wide range of colours available
Synergy Brand

PPE 2 Pack Epoxy Floor Paint

Extremely hard wearing
Easy to mix
Excellent chemical and water resistance
Can be used in spillage areas
Wide colour range available
Can be used as a self sealer
Minimises dust and dirt
Can be cleaned
Suitable for medium to heavy traffic
Texture finish available
Gloss or semi gloss sheen level available
Synergy Brand

2Pk Polyurethane Floor Paint

Very tough hard wear coating
Maximum colour and gloss retention
Fast Drying
Excellent Chemical and water resistance
1000's of colours can be mixed
HMG Brand

Aerosol Lining Paints

Ideal for marking bays, walkways and direction arrows etc
High Opacity
Wide Range of colours available
Can be used in conjunction with our Lining machines
Large 750ml available

DM Adhesion Promoter

Semi clear adhesion promoter for use on many difficult surfaces
Can be used on power floated concrete floors if vacuum blasting is not an option
Can also be used for tiles, ceramics and bricks
Dries in a few minutes and is overcoat able with most solvent based paints
Can be used on certain plastics
